PROFESSIONAL SUMMARY

Computer Science Engineering undergraduate (2023–2027) with hands-on experience in MERN stack development and a strong foundation in Data Structures & Algorithms and Object-Oriented Programming. Passionate about building scalable, responsive web applications and continuously improving problem-solving skills through competitive coding and real-world projects.

EDUCATION

Bachelor of Technology in Computer Science Engineering

Seth Jai Prakash Mukand Lal Institute of Engineering & Technology, Radaur, Haryana

Aug 2023 – Present

CGPA: 8.21 (till 5th semester)

Relevant Coursework: Data Structures, Algorithms, OOPs, Database Management Systems, Web Development

SKILLS

Languages: C, C++, Java, JavaScript

Tools / Frameworks: React.js, Node.js, Express.js, Tailwind CSS, MERN Stack

Databases: SQL, MongoDB

Other Skills: Git, GitHub, VS Code, Problem Solving, Debugging, Communication Skills

PROJECTS

Neighbourhood Security System | MERN Stack, JWT, Tailwind CSS

- Developed a full-stack incident reporting platform enabling residents to post real-time security alerts (theft, fire, medical) with category-based filtering.
- Implemented secure authentication and role-based access control (Resident/Admin) using **JSON Web Tokens (JWT)** and custom authorization middleware.
- Architected an **Admin Command Center** for broadcasting society-wide announcements and verifying incident reports to ensure information integrity.

Portfolio Website ([Live](#)) | React.js, Tailwind CSS

- Designed and developed a personal portfolio website to showcase projects and technical skills.
- Implemented responsive layouts using React.js and Tailwind CSS.
- Deployed the website on Vercel.

ACHIEVEMENTS

- Solved 100+ Data Structures & Algorithms problems on LeetCode.
- Anchored a student video for JMIT Reports published on the official JMIT YouTube channel.
- Developed and deployed multiple MERN stack projects.
